

TPP10XYZ-03

Probe Adjustment Stages. Assembled with high prepressing steel guides, which provides exceptional straightness and orthogonality. XYZ axes are designed by the right-hand rule, and Z-axis is the reverse thread, which can prevent confusing gestures when it is being adjusted.

ITEM	PLATFORM SIZE	TYPE	AXIS OF TRAVEL	TRAVEL	STRAIGHTNESS	PARALLELISM	SENSITIVITY	LOAD
TPP10XYZ-03		Ball Guide	XYZ	±4.5mm	±2um	±5um	1um	1kg
